Image Maker Beauty Institute will allow students to re-enroll in the program with approval from the owner, Susan Webster. Students re-enter under the same SAP status as when they left. Students are responsible for paying a new registration fee and pay for any unpaid tuition that was due from their prior enrollment. New tuition charges will apply unless other arrangements/agreements have been made. Student must also write an essay as to why they want to re-enroll and their plan to graduate.

Attendance, Tardiness and Makeup

Image Maker Beauty Institute is a clock hour school. This means that in order to receive credit for hours attended, all students must sign in/clock in upon arrival and departure. Attendance is an essential part of success in any training program, and is of utmost importance in setting good work habits. All students are expected to attend all classes because attendance is taken on a daily basis. A student must notify the school when an absence occurs.

Scheduled time begins at 8:30 am. Students arriving more than 15 minutes late for class (8:46 am) will not be permitted to enter school for the entire day. Theory class is 8:45 am to 10:45 am, Monday through Thursday. There will be a 15 minute break after theory class has been dismissed. At 11 am students will then proceed to their scheduled class or to the student salon floor. Student will be permitted to enter school after theory class is over if you have a doctor's excuse or a court order.

It is the student's responsibility to make up any missed class/ lab work. All missed class work must be completed in order to be eligible for graduation. We do not define excused or unexcused absences. You have a certain amount of scheduled hours added into your enrollment agreement that you can be absent without it effecting your overtime charges. Once those have been exhausted, you must either make up the time or pay the overtime charges.

Overtime Charges

If a student does not complete the program by the contracted scheduled date, a fee of \$10 per hour will be charged for all scheduled hours remaining.

Lunch Breaks

Lunch is scheduled by your instructor and is 30 minutes in length. If you know you are going to be gone longer than 30 minutes, please notify your instructor or management. Otherwise, if you are gone for longer than thirty minutes you will not be permitted to return unless you have a doctor's excuse or a court order.

Required Assignments

To be eligible to graduate students will be required to complete a certain minimum number of service procedures. While these are only the absolute minimum number of procedures students are required to complete, the student may be assigned extra procedures at the discretion of the instructor or director. Such assignments would be assigned in order to strengthen a weak or less developed subject matter. Any student refusing to do extra procedures or abusing salon rules will be dismissed for the day and recorded as time absent. Please remember you are paying for your education, and we want you to get as much experience as you possibly can. (See program outlines for minimum number of services required)

Withdrawals

If a student wishes to withdraw from school the student should notify the Director in person, or in writing. As stated in the Enrollment Agreement, students who terminate prior to program completion will be charged a \$150 termination fee. Please see our Cancellation and Refund Policy for more details.

There are many things that may come up during your enrollment in school. We understand and we are here to help. Before you make an emotional decision that will affect the rest of your life (such as dropping out of school) please come and talk to the staff person that you feel most comfortable with. We have many years of combined experience and you may be surprised at our ability to help. So please, think it through and remember...

Grading

Image Maker Beauty Institute will use the following grading scale to evaluate our students in both practical and theory subjects.

GRADING STANDARDS

90-100	A	EXCELLENT
80-89	B	GOOD
70-79	C	SATISFACTORY
Below 70	F	BELOW STANDARDS - UNSATISFACTORY

All students must receive 70% or higher on each theory and practical exam. Should a student fail the exam, the student is required to study and then re-take the exam. Each grade is averaged into the students overall grade average which must be 70% or above. Each time the student takes an exam, the last grade is the grade that is shown on the student's progress report. All students must successfully pass all practical exams before proceeding to the clinic floor to perform services on patrons, and then once again during finals before graduation.

Progress Evaluations

Students are constantly evaluated by many criteria including attendance, participation, completion of assignments, written and/ or performance (practical) exams, with a cumulative grade point average determined on an ongoing basis as course work is completed.

Satisfactory Academic Progress Evaluations report on both theory and practical exams as well as attendance. (See SAP Policy) Criteria for grading practical work sheets are the same method used for grading practical exams. Each item will be evaluated with specific criteria using a yes or no method. After each written and practical exam, the instructor will grade the exam and the results will be discussed with the student at that time. Students may request a written progress report at any time during enrollment.

All written exams, practical exams, and practical assignments must be satisfactorily completed and passed with a minimum grade of 70% prior to graduation. Students must also complete all required hours and pay all required fees (unless other arrangements have been made) before the student will be considered a graduate of Image Maker Beauty Institute.

Make- Up Policy

All assignments, tests, etc. are due as scheduled. If the student contacts the instructor directly the instructor may (but is not required to) accept overdue assignments. Missed exams will result in a failing grade unless extenuating circumstances caused the student's absence. If you fail a test, you are required to take the test over. If you cover chapter material more than once, you are required to take the written exam again. The last grade will replace the first grade.

Incomplete

Any student not completing all **required** course work by the end of their scheduled term will be given a grade of 0. All incomplete work must be made up prior to graduation. Image Maker Beauty Institute does not give incomplete grades. You must complete all required course work in order to graduate.

Class Hour Definition

Image Maker Beauty Institute defines one class / lab hour as the credit awarded for a program / class according 60 minutes of contact time during a 60 minute period.

Leave of Absence Policy (LOA)

A leave of absence(s) may be granted if there is a reasonable expectation that the student will return from the leave. Please see school director for leave of absence form or see the school website on the page titled “forms for students” to obtain a copy. All students are eligible to take a leave. Reasons for approved leave of absences are; Medical, bereavement, jury duty, and financial difficulty. Students must follow the institution’s policy in requesting a leave of absence. The leave of absence request must be submitted in advance in writing and include the reason for the request, and the leave must be signed. The leave of absence must be requested in advance of the leave unless unforeseen circumstances prevent the student from doing so. (*Example; if a student were injured in a car accident and needed a few weeks to recover, the student would not have been able to request the LOA in advance.*) The institution may also grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances. However, the institution must document the reason for its decision and collect the request from the student at a later date. In this example, the beginning date of the leave would be determined by the institution to be the first date the student was unable to attend the school because of the accident.

Federal regulations allow an approved leave of absence of no more than 180 days in any 12-month period. A student may be granted more than one leave of absence provided that the combined leaves of absence do not exceed 180 days within the 12-month period.

A student on a leave of absence will incur no additional charges by the school. Any leave of absence will extend the students scheduled to graduate date by the same number of days taken in the leave. A leave of absence form is an addendum to the enrollment agreement. The LOA form will be a revision of the scheduled to graduate date on the enrollment agreement. The LOA form must be signed and dated by both the student and the school. A student granted a leave of absence is not considered to have withdrawn and a refund calculation is not required at that time. Any student’s that take an unapproved leave of absence or failing to return to school by the expiration of an approved leave of absence will be withdrawn from school on that day and a withdrawal date for the purpose of calculating a refund will be the student’s last day of attendance.

Below 70	F	BELOW STANDARDS - UNSATISFACTORY

All students must receive 70% or higher on each theory and practical exam. Should a student fail the exam, the student is required to study and then re-take the exam. Each grade is averaged into the students' overall grade average which must be 70% or above. Each time the student takes an exam, the last grade is the grade that is shown on the student's progress report. All students must successfully pass all practical exams before proceeding to the clinic floor to perform services on patrons, and then once again during finals before graduation.

Criteria for grading practical work sheets are the same method used for grading practical exams. Each item will be evaluated with specific criteria using a yes or no method. After each written and practical exam, the instructor will grade the exam and the results will be discussed with the student at that time.

All written exams, practical exams, and practical assignments must be satisfactorily completed and passed with a minimum grade of 70% prior to graduation. ABOUT FINANCIAL AID

Financial Aid is Available for Those Who Qualify

Federal Pell Grant

Pell Grants are awarded based on a student's (EFC) Expected Family Contribution, Cost of Attendance, and Enrollment status and do not need to be repaid. **Go to: fafsa.ed.gov** to complete your FAFSA and see if you qualify. **Our school code is: 042407**

Direct Student Loans

Direct Loans are low-interest loans for students and parents to help pay for the cost of a student's education after high school. The lender is the U.S. Department of Education (the Department) though most of the contact will be with your loan servicer.

With Direct Loans, you

- * Borrow directly from the federal government and have a single contact - your loan Service - for everything related to repayment, even if you receive Direct Loans at different schools.
- * Have online access to your Direct Loan account information via your servicer's website.
- * Can choose from several repayment plans, and you can switch repayment plans if your needs change.

For more information about Direct Student Loans: <http://www.direct.ed.gov/student.html>

The Award Package

Direct Loans are generally awarded as part of a larger "award package," which may contain other types of aid as well, to help you meet the costs of going to college or career school. The Direct Loan Program offers the following types of loans:

SUBSIDIZED: for students with demonstrated financial need, as determined by federal regulations. No interest is charged while a student is in school at least half-time, during the grace period, and during deferment periods.

UNSUBSIDIZED: not based on financial need; interest is charged during all periods, even during the time a student is in school and during grace and deferment periods.

PLUS: unsubsidized loans for the parents of dependent students and for graduate/professional students. PLUS loans help pay for education expenses up to the cost of attendance minus all other financial assistance. Interest is charged during all periods. Note: PLUS loan borrowers cannot have an adverse credit history (a credit check will be done)

Student borrowers are not required to begin making payments until after they graduate OR when they drop below half-time attendance.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school scheduled for part time and full time. It is printed in the catalog to ensure that all students receive a copy prior to the first day of class. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. Only students who maintain satisfactory are eligible to receive Title IV assistance.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology 450, 900, 1200 (scheduled) clock hours

***Transfer Students** - Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of **67%** of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least **67%** cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below: Students who exceed the maximum time frame shall be terminated from the program and if the student is permitted to re-enroll in the program will not be eligible for Title IV and will be re-enrolled on cash-pay basis in a manner consistent with the re-enrollment provisions of the institutes admissions policy.

PROGRAM

MAXIMUM TIME ALLOWED WEEKS SCHEDULED HOURS

75 Weeks

2250

Cosmetology (Part time, 20 hrs/wk) - 1500 Hours

112 Weeks

***The maximum time allowed for transfer students who need less than the full program requirements or part-time students will be determined based on 67% of the scheduled hours.**

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of **70%** or above and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

90-100	A	EXCELLENT
80-89	B	GOOD
70-79	C	SATISFACTORY
Below 70	F	BELOW STANDARDS - UNSATISFACTORY

ACADEMIC PROGRESS EVALUATION PERIODS

The total length, measured in clock hours and academic year of the cosmetology program offered by the institution is: Program of 1500 clock hours and 50 weeks. The standard academic year for this program is 900 hours and 30 weeks.

The institution evaluation periods are:

1st Evaluation Period Ends: 450 Clock Hours and 15 weeks

2nd Evaluation Period Ends: 900 Clock Hours and 30 weeks

3rd Evaluation Period Ends: 1200 Clock Hours and 40 weeks

4th Evaluation Period Ends: 1500 Clock Hours and 50 weeks

Evaluation periods may coincide with payment periods established with the U.S Department of Education for purposes of Title IV funding, in accordance with the following:

- a. Programs with a total length that is one academic year or less, the program is divided into two equal evaluation periods wherein the first evaluation period is the period in which the student successfully completes both (1) half of the clock hours and (2) half of the academic weeks while the second evaluation period is the period in which the student completes the program; and
- b. Programs with a total length that exceeds one academic year, each full academic year is divided into two equal evaluation periods in accordance with subsection (a) above and the remainder of the program is either:
 - i. Treated as a single evaluation period if the remainder is less than or equal to half of an academic year; or
 - ii. Divided into two equal evaluation periods wherein the first evaluation period is the period in which the student successfully completes both (1) half of the clock hours and (2) half of the academic weeks while the second evaluation period is the period in which the student completes the program.

The institution shall evaluate students' (academic and attendance) Satisfactory Academic Progress at the conclusion of each evaluation period. (The institution may elect to omit evaluations at the conclusion of the last evaluation period within the program. All evaluations must be completed within seven (7) school business days following the established evaluation periods.)

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the

ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The institution will notify all students of all evaluation results in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. **Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.**

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance.

Documentation from the student must be submitted regarding why the student failed to make satisfactory academic progress and what has changes in the student's situation that will allow the achievement of satisfactory progress at the next evaluation. The student must submit a written appeal to the school on the designated form with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

REPETITIONS AND NON-CREDIT REMEDIAL COURSE

Noncredit and remedial courses do not apply to this institution and therefore have no effect upon the school's satisfactory academic progress standards. Repetition of course/program is not allowed, however, repetition of an exam is allowed.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Source: U.S. Bureau of Labor Statistics, Employment Projections program

Overall employment of barbers, hairstylists, and cosmetologists is projected to grow 19 percent from 2020 to 2030, much faster than the average for all occupations.

About 85,300 openings for barbers, hairstylists, and cosmetologists are projected each year, on average, over the decade. Many of those openings are expected to result from the need to replace workers who transfer to different occupations or exit the labor force, such as to retire.

Employment

Much of the projected employment growth in these occupations is due to recovery from the COVID-19 recession that began in 2020 and is likely to occur early in the decade.

The need for barbers and hairdressers will stem primarily from population growth, leading to greater demand for basic hair care services. In addition, an increased demand for hair coloring, hair straightening, and other advanced hair treatments is expected to continue over the projections decade.

Hairdressers, hairstylists, and cosmetologists continue to compete with providers of specialized services, such as nail and skin care. Consumers often choose manicurists and pedicurists and skincare specialists for these services, rather than to visit hairdressers, hairstylists, and cosmetologists for them. Still, employment is expected to grow to meet increased demand for personal appearance services.

RETURN OF TITLE IV FUNDS POLICY

The Federal Return of Title IV funds formula (R2T4) dictates the amount of Federal Title IV aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to an eligible student receiving federal aid when that student withdraws at any point during the payment period. If a student did not start or begin attendance at the school, the R2T4 formula does not apply.

Official Withdrawal Process: If a student wishes to withdraw from school, they must notify the director of the school. The notification must be in writing. The date the notification is received is the date of determination. The director must begin the withdrawal process.

Unofficial Withdrawal Process: A student's withdrawal date is their last date of physical attendance. Their date of determination is 14 days after they cease attendance. Aid received post LDA and prior to DOD is aid that could have been disbursed.

If a student withdraws during a leave of absence, the date of determination is the date they officially withdraw. If the student does not return from a leave of absence, their date of determination is the date they were scheduled to return.

Aid Earned vs. Unearned

Earned Title IV Funds

Title IV funds used to cover educational costs according to the length of time the student was enrolled before withdrawing. The amount of funds earned is directly proportional to the number of clock hours scheduled to have been completed in the payment period as of the student's withdrawal date. For our clock-hour program, the percentage of the period completed is determined by dividing the number of hours the student was scheduled to complete in the payment period as of the day the student withdrew, by the total number of clock hours in the same period as follows:

- Number of clock hours the student was scheduled to complete in the period divided by total number of clock hours in the period.
- If the resulting percentage is greater than 60% a student is considered to have earned all aid.

Unearned Title IV Funds

The amount of grant and loan assistance awarded under Title IV that has not been earned by the student and must be returned to the programs. The unearned Title IV funds percentage is determined by subtracting the earned Title IV percentage from 100. To calculate the amount of unearned Title IV funds, multiply the total disbursed federal financial aid by the unearned Title IV refund percentage.

For the determination of and calculation of aid earned and unearned, only scheduled hours are used to determine the percentage of the period completed by a student withdrawing from a clock hour program.

A student withdrawing from a clock hour program earns 100% of his or her aid if the student's withdrawal date occurs after the point that he or she was scheduled to complete more than 60% of the scheduled hours in the payment period. The scheduled clock hours used for a student are those established by the school prior to the student's beginning class date for the payment period or period of enrollment, and the hours must have been established in accordance with any requirements of the state or the institution's accrediting agency. These hours are consistent with the published materials describing the institution's programs.

If a student receives less Title IV funds than the amount earned, the school will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal which is called a post-withdrawal disbursement. Post-withdrawal disbursements will be made from Pell Grant funds first, if the student is eligible. If there are current educational costs still due the school at the time of withdrawal, a Pell Grant post-withdrawal disbursement will be credited to the student's account. Any remaining Pell funds must be released to the student without the student having to take any action. The funds must be released as soon as possible but no more than 45 days after the date of determination. Any federal loan program funds due in a post-withdrawal disbursement must be offered to the student and the school must receive the student's authorization before crediting their account.

If a credit balance still exists on the student's account after the R2T4 and institutional refund calculations are done, that credit balance must be used to pay any grant overpayment that exists based on the current withdrawal within 14 days from the date that the R2T4 calculation was performed. The overpayment must be eliminated prior to offering a credit balance to a student. Returns must be made as soon as possible to the federal programs but no later than 45 days after the date of determination.

The law requires that a student is responsible for all unearned Title IV program assistance that the school is not required to return. This is determined by subtracting the amount returned by the school from the total amount of unearned Title IV funds to be returned.

If a student owes an overpayment to the U.S. Department of Education, Image Maker Beauty Institute will notify the student in writing within 30 days from the date of the school's determination that student withdrew.

Example: Student withdraws having received \$2865 in Pell grant, \$1742 subsidized direct loan and \$2969 of unsubsidized direct loan for a total of federal aid of \$7576. The student completed 240 scheduled hours as of their last day of attendance from 450 scheduled hours in the payment period. They would have earned 53.3% of their federal aid received. $\$7576 \times 53.3\% = \4038.01 . The unearned aid is calculated using the difference of 100% and the 53.3% which is 46.7%. The prorated tuition and fee costs for the 450 hour payment period are \$7800. $\$7800 \times 46.7\% = \3642.60 . The school is obligated to return to the federal aid programs the lesser of the two which is the \$3642.60. The difference between the earned and unearned is the responsibility of the student. If there is still a balance of loans to be paid the student repays it through the normal repayment process. If it is a grant overpayment the student is responsible for any amount over 50% of their initial grant.

Students who owe overpayments to the U.S. Department of Education, as a result of a complete withdrawal, will initially retain their eligibility for Title IV funds for a maximum of 45 days from the earlier of the:

- Date the school sends the student notice of the overpayment, or
- Date the school was required to notify the student of the overpayment.

There are two positive actions a student can take to extend his or her eligibility for Title IV funds beyond 45 days.

1. The student may repay the overpayment in full to the school.
2. The student may sign a repayment agreement with the Department of Education.

If the student takes no positive action during the 45-day period, Image Maker Beauty Institute will report the overpayment to the National Student Loan Database System (NSLDS) and Borrower Services immediately after the 45-day period has elapsed.

The following Title IV distribution order is used for all SFA students.

Unsubsidized Direct Loan
Subsidized Direct Loan
Direct PLUS Loan (Parent)
Federal PELL Grant
Iraq Afghanistan Service Grant
